## ABOUT THE WTC

# MISSION STATEMENT

The World Team Championship (WTC) is an annual wargaming event. Initially planned for the tabletop miniature game Warhammer 40,000, as of 2023 the event has been expanding to different gaming systems like X-wing and now Killteam for the 2024 edition. At the WTC, competitors from all around the globe can show their mettle individually against their peers, or as a team competing to win the coveted title of being WTC Champions.

At its core, the tournament aims to bring together players from all over the world to compete in a friendly but competitive manner. We believe that everyone is entitled to be treated fairly regardless of gender, sexual orientation, age, disability, religion, color, race, ethnic or national origins, political ideology, or socio-economic background. Furthermore, we subscribe to the principles of equality of treatment and aim to ensure that anyone who attends is able to do so in a discrimination-free environment where everyone is treated with due respect. We are committed to ensuring that everyone is able to attend, free from direct discrimination or abuse (physical, verbal or otherwise). As such, we will not accept nor tolerate any actions that would result in an attendee receiving any less favorable treatment by any other attendees on the grounds of: gender, sexual orientation, age, disability, religion, color, race, ethnic or national origins, political ideology, or socio-economic background. We expect everyone to subscribe to, and do their best to uphold, these core principles by way of their attendance. We reserve the right to refuse entry to or expel from the venue, without refund, anyone who is deemed not to have acted to honor above standards.

## THE WAR IN UKRAINE

in contradiction to our statement above, we have, together with the players that help govern our event, opted to ban the Russian and Belarus teams from our event, and this in full solidarity with all the people affected in Ukraine.

## FIND OUT MORE ABOUT THE WTC

If you are interested to find out more about the event, get access to our player packs, our organizational structure, or just find out about some of our teams, head on over to the **OFFICIAL WTC WEBPAGE**, and feel free to join our **DISCORD CHANNEL** and **FACEBOOK PAGE** if you would like to interact with some of our player base.

## ABOUT THE WTC

# WHAT YOU NEED TO KNOW

## VISITORS AND OTHER GUESTS AT THE WTC

With the goal to increase visibility of our hobby and to create a good image of it to a viewing audience that is interested in the world team championships, all our events will welcome local and international visitors. Visitors to the event will need to acquire a visitors pass at the entrance. A visitor pass for the week costs 15€ and gives access to the hall, the vendors, and all other player facilities. Players that register to our event can automatically enter the hall on any event day and do not need to purchase a visitors pass as long as they can show their player tag at the entrance. Visitors passes can be acquired at the event itself, or purchased from our webstore.

## PRIZE POOL AT THE EVENT

There will be token trophies for:

- The winner of our event, the runner up and second runner up.
- The Top 2 of our KT singles event will also receive a golden ticket to the World Championship of Warhammer, including a partial financial sponsorship. More on that below.
- Best painted army/miniature
- Best in Faction players from the following overarching factions: Best Chaos, Best Xenos, Best Imperium

## COVID POLICY AT THE EVENT

ALL attendees to the event, as well as all staff and volunteers, will be following public health guidelines as laid out by the Belgium government, as well as the local authority and the venue hosting us. We ask ALL attendees to follow them as well, which may include the wearing of a face mask or shield, the washing or sanitizing of hands, any other protocols. Failure to follow said guidelines WILL result in offenders being IMMEDIATELY expelled from the event without the possibility for re-entry or refund.

## PLAYER CONDUCT AND REQUIREMENTS

Players attending the event are expected to act in a sportsmanlike manner at all times, and this not only towards their direct opponents. This goes for all other attendees as well. All players must be able to communicate in fluent English. Due to the international nature of our event this is non-negotiable.

ABOUT KILLZONE: MECHELEN

# WHAT YOU NEED TO KNOW

## WYSIWYG & 3D PRINTED MODELS

All models you bring to play at the event have to be fully painted and based and be **WYSIWYG** (have your models that might stray from the norm approved on the designated discord channel. The norm for which base size to use is found on the description of each model/box on the official Games Workshop webpage). Models that are not official, do not fit the WYSIWYG profile, or considerably deviate from the norm **MUST** be presented via our discord channel (with pictures or links to pictures preferably), at least a month **PRIOR** to the tournament and meet an approval from the **REFEREE CORPS** before they can be used at the tournament.

Any models like this in use at the event without prior consent will be up for an immediate infraction notice (yellow card) for each game, and models will be pulled from the table where this is applicable, unless original stand-in models can be produced on the spot (for LOS purposes or otherwise).

**3D printed models** are allowed but must always be approved via the WTC Discord in the modeling questions channel.

## OFFICIAL LANGUAGE FOR THE TOURNAMENT

The official language of the tournament, and the **ONLY** language that should be spoken at the gaming tables, is English. Players must have their relevant rules available in English at the event. This includes gaming aids and gaming attributes like stratagem cards and such. It is perfectly acceptable to carry around a digital source for rules material. A printed/tablet version of the codex/FAQs is acceptable for instance. Players that do **NOT** have the English versions of their rules at hand when asked to provide source material will be given a yellow card infraction notice. Players, and non-players, that are caught not speaking English at a game table while addressing one of the players at that table, will be given an immediate yellow card infraction notice.

ABOUT KILLZONE: MECHELEN

# TOURNAMENT OUTLINE

The Killzone: Mechelen singles event is open to anyone for playing. We aim to crown one of our attendees as the sole winner of the event, the de-facto Killteam Specialist. To that extent, players will be ranked by their number of Victories, followed by the number of Tac Ops achieved, then by overall Victory Points scored during each game.

## WORLD CHAMPIONSHIPS OF WARHAMMER QUALIFIER

The Killzone: Mechelen singles event will be a qualifier for the World Championships of Warhammer. Both our finalists will be awarded a golden ticket to attend the WCW in Atlanta next November, with some WTC funding to aid the finalists financially in their pursuit of becoming World Champions come November.

## ABOUT KILLZONE: MECHELEN

# EVENT REGISTRATION

Registration for Killzone: Mechelen will be done via our partners at Best Coast Pairings as we use their software to administer our tournament. Players need to be signed up on BCP and make their payments through the WTC Webstore before the registration deadline (see tournament scheduling below). All players that purchase a ticket through our webstore will be pre-registered using Best Coast Pairings with the BCP email address provided in the ticket purchase form. If you are unfamiliar with BCP, please check out their website in advance of the event and make sure you can sign in to your profile from your smartphone. If the BCP player app is updated by the time our event starts, be sure to download the BCP Player app in advance of the event.

Here's how registration will work:

- Ticket purchase for the Kill Team events will be opened via the WTC website early 2024 and will close on July 1st after which no additional tickets can be bought.
- Tickets may be refunded up until May 31st following our refund policies. After that, tickets can only be transferred to another player via our ticket transfer form.
- Before July 22nd, all ticket purchasers will be sent a link to the event on BCP. Please note that the event will be visible on BCP before but the registration button will not be live.
- Players complete registration by setting their faction, uploading the list and setting their country via BCP. Doing the latter will avoid you being paired into countrymen at the early stages of the event. Make sure you and your countrymen enter the exact same name. Please email or message us if for some reason you would be unable to make it to the event. If you have bought a ticket via a ticket transfer, please make sure you have the order number from the person you bought it from and ensure that the Ticket Transfer Form has been filled in.
- Registration will close at 23:59, on July 1st.
- Please 'check in' via BCP no later than August 5th at midnight or if your plans change mark yourself as dropped and send an email to let us know.

## MINORS ATTENDING THE EVENT

There is a minimum age allowance set at the age of 16. Players between 16-18 years old must have a supervising adult with them at the event at all times.

Kill Team 2021 - Matched play - 2h games with equal division of time using a chessclock (mandatory)

### MISSION

Approved Ops 2023 Mission Pack. Pre-set missions played on a 30" by 22" custom neoprene mat for open play and on 24" by 27.8" for the close quarters terrain for the event.

### FORMAT

Individual players 6 Rounds swiss. Round 1 players from the same nation cannot be paired against each other (in order to assure this, you need to mention your nation when purchasing a ticket and/or indicate your nation as your "team" in BCP). Players will be ranked by their number of Victories, followed by the number of Tac Ops achieved, then by overall Victory Points scored during each game.

### SCORING & TIEBREAKERS

Players will be ranked by their number of Victories, followed by the number of Tac Ops achieved, then by overall Victory Points scored during each game. If we do not have an undetermined winner at the end of the event, the TOP 2 may be asked to play an additional round so we may crown one player the decisive champion of the event.

### TERRAIN

The event will have a mix of Octarius-like and close quarters terrain. Round 1 will be Into The Dark type terrain, and each subsequent round we will alternate between open and closed terrain from there on (so round 2 would be Octarius like terrain, Round 3 back to Into The Dark etc etc). If we manage to get enough Beta Decima terrain we will include it in the mix with the Octarius terrain.

### KILL TEAM SELECTION

Create a Matched Roster as described on page 90 of the Kill Team Core Book. Kill Teams featured in the Compendium 2021 that are not replaced by an Official team (see Balance Data Slate GW), as well as all teams from the Annual 2022 and 2023, and all Teams featured as brand new released boxsets before the roster submission deadline are valid to be taken

### PLAYERS MATERIAL

Attendees are expected to bring their fully-painted Kill Team, three barricades, dice, measuring gauges or a tape measure, and all relevant rules publications, printed or digital relevant for their faction. A set of Tac Ops cards or documents to monitor the completion of your faction tac ops, and finally all tokens and game aids needed to offer a transparent game-state at all times to your opponent.

## ABOUT KILLZONE: MECHELEN

# TEAM EVENT ESSENTIALS

### SYSTEM

Kill Team 2021 - Matched play - 2h games preceded by a 15 minute pairing period. Chessclock mandatory with equal division of time between each player. Each team to bring 3 chessclocks minimum.

### MISSION

Approved Ops 2023 Mission Pack. Mission Pack. Pre-set missions played on a 30" by 22" custom neoprene mat for open play and on 24" by 27.8" for the close quarters terrain for the event.

### FORMAT

Teams of 5 players, 7 Rounds swiss. On day 1 of the event, teams that have chosen the same nationality will only be paired against teams from other nations, to make sure that everyone gets a maximum chance of making new friends from around the globe as long as the team distribution allows for it. Day 2 will be strict swiss based on positioning of Day 1.

### TEAM SCORING & TIEBREAKERS

Teams will be ranked by their number of Victories. A team win awards 2 points, a tie is 1 point and a loss awards 0 team points. Team tiebreakers are first decided on total player wins by team, total VP's scored by the team, followed by the number of Tac Ops achieved. We are still debating the metrics to decide how a given team wins a round. More news about that soon.

### TERRAIN

Each row will have 3 tables of Octarius-like (2 Octarius and 1 Beta Decima terrain if we can manage to get enough sets at the event) and 2 close quarters table set up.

### KILL TEAM SELECTION

Create a Matched Roster as described on page 90 of the Kill Team Core Book. Each killteam can only be featured once on each team. Kill Teams featured in the Compendium 2021 that are not replaced by an Official team (see Balance Data Slate GW), as well as all teams from the Annual 2022 and 2023, and all Teams featured as brand new released boxsets before the roster submission deadline are valid to be taken on a given team.

# MISSIONS & TERRAIN

### TERRAIN & MISSIONS PACK OUTLINE

We plan to announce a map pack and associated mission pack for WTC matched play. This rulespack will be adjusted accordingly and announced once everything has been decided by the tournament officials.

Each player is responsible for adjusting the terrain according to our map pack at the start of a given round in case terrain was misplaced during a previous round. If you are unsure, agree with your opponent on terrain placement according to the map pack, or find a referee to set up/correct terrain placement in case of disagreement.

### MISSION OUTLINE

Information regarding which missions will be played and in what order will be available soon.

### REFEREES

The Tournament will be officiated by 3 referees that are vetted by the WTC TO's. A referee's word is final and a decision may not be escalated. This is because there are stringent procedures in place for how a referee makes a decision, and any that may have a severe impact on the outcome of a game are only ever made in concert with other referees. Abuse, of any kind, will not be tolerated where our referees are concerned. Official complaints after the round will be handled immediately after the round. Both relevant players and at least two referees will participate. Referees will hear one statement from each player and their counterparts response. After this referees will make an undisputed judgement about the case. Possible infractions and associated cards are valid in the next round of the event. A red/yellow card system will be implemented to handle any disputes/issues.

Full information regarding penalties can be found at the following link under Discipline and Conduct:

<https://worldteamchampionship.com/wtc-rules/>

### FAQ'S & RULES CUTOFF

All official rules documents apply for our event. This includes any dataslates, FAQ's, designer commentary and errata that are available from:

<https://www.warhammer-community.com/kill-team-downloads/> official website.

Any WTC event FAQ's take precedence. Any rules (except specific event FAQ's) that are released after roster submission deadline will not be used for the event.

## ABOUT KILLZONE: MECHELEN

# A CAPTAIN'S ROLE

A Captain is their team's representative at the WTC, and the liaison between the potential players on a team and the WTC TO's in the lead up to the event. The prime duties and focus of a captain is making sure deadlines are kept and met, procedures are followed, and that their team makes it to the WTC in the best prepared condition possible. The time and effort it takes to perform these duties must not be taken lightly. Any captain that in the eyes of the WTC TO's is unable or unwilling to perform their duties may be subject to removal and/or replacement procedures.

The duties of a captain include but are not limited to;

### **Before a tournament:**

1. Be an active member of the WTC communication channels
2. Responsible for submitting any information, such as army lists and the list of team members; requested by the TO's and to make necessary changes to that information if corrections are needed.
3. Making payments for attendance and any other services used
4. Voting on key decisions

### **During a tournament:**

1. Attend all Captain's meetings
2. Be responsible for all results submissions and record keeping for their teams at the end of every round
3. Be responsible and accountable for conduct of all team members
4. Be in charge of pairings for their team, even if the task is delegated to others
5. Allowed to give information to players about points needed to win/tie and ask general information about how games are going but **NOT ALLOWED** to give any tactical advice during games (this last remark goes for all members of the team)

### **After a tournament:**

1. Post a tournament debrief on the designated communication channels
2. Fill out the tournament feedback form and report on which aspects they enjoyed and which should be improved upon
3. Provide feedback on the rulespack, the mission and other various documents
4. Designate a new captain in the case of a captaincy change in the lead up to next year's event

## ABOUT KILLZONE: MECHELEN

# EXTRA TEAM STAFF

## TEAM STAFF MEMBERS

A team may have any number of Team Staff Members. **They are allowed to:**

- Be the Non Playing Team Captain
- Do/assist the Pairings
- Collate and submit Team Results
- Ask questions about how the game is going (only in English, see below)
- Tell their player how their team is doing and what kind of points they require from this game

A Team Staff Member **is not allowed to:**

- Give Tactical advice (they may not tell their player 'how' to get that win/draw/loss!) or interject in any way on in-game situations like forgetting that their player forgot to consolidate. If they perceive situations like that, especially in the case where players must do something but forget to, they can call for the game to be stopped, and then get a judge to rectify the situation.
- Speak to their Team player in their native language. Speaking to their team members in the English Language is allowed as it is the tournaments official language (Not talking in English will be seen as interference with the game and is subject to a yellow card infringement type if reported).
- Any of the team members may perform a player replacement: this means to play a game with any of the other Killteams submitted by the team in replacement of another team member for the duration of a whole round. Replacement of a player during rounds (ie when games have already started) will not be allowed except under extraordinary circumstances validated by a joint decision by the head referees. A Captain must petition this change before the head referees. Any breach of these rules is to be brought to the immediate attention of a Referee.

Once players are at their tables at the start of any given round, it is not allowed within a team to share info on matchups or tactics by means of cellphones or other devices either. Any breach of this rule that gets noticed will see all offenders on the team admonished with an immediate yellow card.

# LIST SUBMISSION GUIDELINES

Create a Matched Roster as described on page 90 of the Kill Team Core Book:

1. All operatives must have at least one faction keyword in common.
2. You can include a maximum of twenty operatives.
3. If an operative has any wargear options, these must be selected when they are added to your roster.
4. You must be able to deploy a minimum of one kill team from your roster.
5. Operatives that have the same selectable keyword (e.g. <CHAPTER>) must have the same keyword chosen (e.g. DARK ANGELS).
6. Your name.
7. The faction keyword that all your operatives have in common.
8. The selected keyword of your operatives that have a selectable keyword.
9. Your list of operatives, specified by their type.
10. Notes for your operatives, e.g. any weapon options you have selected.
11. Notes for your kill team, e.g. requirements for a Tac Op.

# CHESSCLOCK RULES

## SLOW PLAY

If a game is slow, call the TOs as soon as possible, they will make sure both players will manage the time so the game will come to a natural conclusion. All games must end naturally, and have played 4 turns within the allotted timeframe.

If a game does not finish on time in turn 4, both players will be marked for slow play, and a referee will help to decide the end game state. This should be an EXCEPTION and not the rule. It is both players responsibility to play the game to its natural conclusion.

## CHESSCLOCKS

Chessclocks are mandatory at the event. Not as an absolute, but to allow for a more fair distribution of time between the players and to create an awareness from the player side on remaining time in the game.

1. The clock is configured for 55 min per player to allow 10 minutes spare time for referee intervention on the end-game state where players don't have advocacy on time distribution.
2. The clock is started immediately after the attacker/defender roll-off.

3. Call a referee as soon as it is clear that both players have less than 5 minutes remaining and reaching a natural conclusion to the game doesn't seem likely.

4. Both players are responsible for managing the time in the round correctly, and when a clock is passed to the opponent, it should always be communicated directly to the player ("I am now passing the clock back to you").

5. Only a referee can ever make the call to pause a clock.

When using a clock:

- Communicate your intentions
- Check your own time after completing an action
- Be mindful and respectful of your opponent's time

The following rules apply to any and all filming / streaming / interviewing at the WTC :

- Streamers are not permitted to stream/film whatsoever during the pairings process.

This decision will be made at the discretion of the referee corps and tournament organisers, and will not be open to discussion once made.

## ABOUT KILLZONE: MECHELEN

# TEAM ROUND SCORING

An individual player scores an amount of points for his team based on the VP differential outcome from the game with his opponent. To determine Game Points, each player counts their victory points, subtracts their opponent's victory points and consults the table below. If the score is negative, the player who has a negative difference counts his points from the 'opponent' table.

PLAYER VP DIFFERENCE	PLAYER GAME POINTS	OPPONENT GAME POINTS
0	10	10
1	11	9
2	12	8
3	13	7
4	14	6
5	15	5
6	16	4
7	17	3
8	18	2
9	19	1
10	20	0

To determine the round score, players from each team count their combined Game Points. The combined total of all game point scores from all the players on a given team will give the result for the Team as a whole.

TEAM GAME POINT TOTAL	TEAM WIN CONDITION	TEAM TOURNAMENT PTS
<46	ROUND LOSS	0
46 - 54	TIE	1
>54	ROUND WIN	2

If two or more teams have the same number of Round points (2/1/0), game points gained from all battles will be used as tie-breaker.

## ABOUT KILLZONE: MECHELEN

# TEAM PAIRING

At our event, there is a pairing process in place to select the team's individual matchups during a given round. Teams have 30 minutes to discuss with their team what the best strategy is for the round and to work out the pairings for the round together with the opposing team.

Rounds that start later than the allotted 30 minute mark should be reported immediately to the judges by someone from either team (or both teams) to allow the judges to evaluate if a certain round will be impacted on total game time, and to see if it's always the same teams who seem to be having this problem and need to be spurred on to go through the process quicker.

Before the start of the round, both teams ensure that all terrain is placed according to the map pack for that given round. If terrain does not seem to be placed correctly, both teams make sure that the terrain is set up adequately prior to the start of the round. A visual guide to aid you with the pairing process will be available on the WTC webpage soon.

The procedure for the Killteam pairing process is as follows:

As a general principle, the Defending team always gets to pick the mission and which of the two attackers it will defend to, while the attacker gets to pick the table/map for the particular matchup. Teams will be provided pairing mats and pairing cards (each set including images/cards representing each faction in the game). Each round at the event, there will be 6 missions available for the given round (2xA, 2xB and 2xC) to be picked from and there will be 5 maps/table setups to choose from. Currently the intent is to run 2 Into The Dark, 2 Octarius-like and 1 Bbeta Decima table for each round but based on terrain availability this may change to 3 Octarius-like and 2 Into The Dark maps/table setups which will be announced closer to the event.

### SEQUENCE OF EVENTS – STEP 1

Captains roll off to determine which team will get to Defend first. The team winning the roll-off gains the "Active Team" token. The Active Team will put down a defender first. Once an attacker has been chosen for this matchup, the opposing team will become the 'Active Team' and will be able to put down 2 of their defenders down in a sequence before the 'Active Team' status changes once again for the final two pairings (see sequence of events below).

### SEQUENCE OF EVENTS – STEP 2

The active team (Team A) chooses its first defender and reveals the defender card to their opponents. Team B chooses their two attacker cards for the given defender and reveals them to the opposing team. Team A chooses one of the two attackers given by team B for the encounter, and chooses which one is refused. The refused Attacker card returns to the pool of available killteams on the opposing team. At this point, Team B will pick the map/table for the encounter after which the Active Team decides which mission from the mission pool will be played. Team captains log the pairing listing factions and mission/table played on the pairing sheet.

### SEQUENCE OF EVENTS – STEP 3

Team A hands the “Active Team” token to Team B, who are now the active team and put forward a defender card. The opposing team chooses their two attacker cards for the given defender and reveals them to the opposing team.

The Active Team chooses one of the two attackers and returns the refused card to the opposing team. At this point, The opposing team will pick the map/table for the encounter from the available pool after which the Active Team decides which mission from the still available mission pool will be played. Team captains log the pairing listing factions and mission/table played on the pairing sheet.

### SEQUENCE OF EVENTS – STEP 4

There is no change in ‘Active Team’ status at this stage, and the ‘Active Team’ from step 3 now puts another defender forward.

The opposing team chooses their two attacker cards for the given defender and reveals them to the opposing team.

The Active Team chooses one of the two attackers and returns the refused card to the opposing team. At this point, The opposing team will pick the map/table from the available pool for the encounter after which the Active Team decides which mission from the still available mission pool will be played. Team captains log the pairing listing factions and mission/table played on the pairing sheet.

### SEQUENCE OF EVENTS – STEP 5

Both Teams now have 2 cards remaining from their starting faction hand of 5. The ‘Active Team’ token switches back to Team A at this point, who put forward a defender card and choose one of the two remaining factions from the available pool from their opponents for that particular encounter. At this point, Team B (the opposing team) will pick the map/table for the encounter from the available pool after which the Active Team decides which mission from the still available mission pool will be played. Team captains log the pairing listing factions and mission/table played on the pairing sheet.

Both remaining faction cards from Team A and Team B as such automatically decide the final encounter for the pairing, and will play the last available table from the table/map pool. The final mission is selected by Team B (the team that didn’t have the ‘Active Team’ token at the start of step 4) from the available 2 missions that are left from the mission pool at this stage.

Teams can now have a final discussion before players go to their tables, at which point no team tactics/help should be provided to individual players except through the channels/procedures listed above.
