

WTC FAQ - ARMY & CODEX

DRUKHARI

VERSION 1.3 - LAST UPDATE: 15 MAY 2024

1. Regardless of how many Cronos auras a model is under the effect of, when a unit is Empowered you only roll once to see if you gain a Pain token.
2. Alliance of Agony: Only one of the characters effected need to be within the Cronos Pain Parasite range in order to get the free Pain token.
3. When using the Empowered Through Pain part of the Power From Pain Army Rule, all of the targets of the Pain Token are selected at the start of the phase. This means that if you would get additional Pain Tokens from the Cronos Pain Parasite (Aura) they wont be useable this phase and would would go towards the pool of Pain Tokens that you have for the next phase.
